PROJECTS

PORTFOLIO

May - 2024

- It's designed to provide a user-friendly platform to explore my work and connect with me.
- This portfolio is a comprehensive showcase of my skills and expertise in Django, Next.js and Django REST framework(DRF).
- Frontend and backend are hosted on separate servers for scalability and performance.

JWT AUTHENTICATION

April - 2024

- Implementation of a secure user authentication system using JWT Authentication, Django, and React.
- Key features include User Signup & Login, and JWT-based authentication with Django REST Framework (DRF).
- Homepage dynamically displays user's authentication status.

DJANGO NETWORK

February - 2024

- Twitter-like social network with user posts, likes, comments.
- Supports signup, sign in, Google authentication.
- Users can edit profile, follow/unfollow others.
- Enables post creation, likes, comments, and post editing/deletion.

EDUCATION

- Harvard University's CS50x Introduction to Computer Science. (Online Coursework).
In the year 2022
- Harvard University's CS50's Web Programming with Python and JavaScript (Online Coursework)
In the year 2024
